The letters within each file are arranged chronologically, and enclosures are filmed in the order in which they are listed in the accompanying letter. Other documents with the same file number are filmed at the end of the file. Envelopes with the numbers listed below were found to be empty when these records were processed for microfilming, and have therefore been omitted.

The 59 Bales of Cotton were impressed under
Orders from "Debs" J. Dist. Head Quarters.
for the purpose as stated in the
beginning of paying for the bargues of
the ships "Sea Queen" and "Jin O'm Red",
this special lot of Cotton was however
turned over to Maj. Washington or Maj. Russell.
under special instructions from District
Head Quarters. (See Report of the
transaction in Cotton Office at Houston)

A full Report of
my proceedings will be found in the hands
of Lt. Col. Butchins, giving copies of all
Orders for impressments, and a full
account of the disbursements under
orders, in fact, a concise history of
my actions in Cotton, to which I
would respectfully refer the Maj. Gen.
Cindy for his information, and from which
Lt. Col. Broadwell can obtain all
necessary information.

I have respectfully
to ask that the Maj. Gen. Cindy will
examine my Report, and if satisfactory
will order Major Bloomfield to assume
the settlement of my certificates or
designate some other officer for that duty.
Lt. Col. Butchins expressed his entire
satisfaction, and as I went over the Report
with him, has a knowledge of the
disposition made of every bale of Cotton
impressed by me, as for the settlement

of the claims against the Govt. I would
suggest that they be settled as
the Conditions of the Certificate
designate, in other words I am in favor
of the preserving of good faith upon
the part of the Government through one
set of authorized officials, as well as
through another, to the honest settlement
of past transactions, as well as future
ones. New rules and new regulations
made and entered into by new associations,
should have no bearing upon stipulations
and promises made under other rules
and regulations by other persons or associations.
At the time I improved this Cotton I
was instructed to take Cotton on the frontier
and offer to purchase it or promise
Cotton in return for the Cotton
improved which the "May June Cindy"
I thought could and would be procured
from the interior, the Cotton on the
frontier was required for the liquidation
of foreign claims, and for that reason
I was ordered to promise Cotton in
return, that promise is as binding, as
any that Lt. Col. Broadwell can make,
or any other Govt. official now on that duty.
If upon being relieved by the Cotton Office
I was promised that my certificates should
be assumed by them, I am no bonded
officer, and unless there payment of these
claims are assumed by some officer
of the War they will be in course of time
repudiated entirely, and the "May June
Cindy" held personally responsible for

0004
them. the payment of them, I might be
myself as my name is signed to each
of them, but I was clearly an
Executive officer, and can produce
orders for all of my actions, I would
therefore respectfully impress it upon the
"Major General" Comd'y to have the payment
of these Certificates assumed by the
Citizens office, if that cannot be done
by some D. Master, that he himself
may designate for that purpose.
A copy of each Certificate is in the
hands of Col. Hutchins, and every thing
is fully explained in the Report.

Captain:

I have the honor to acknowledge
the receipt of communication from Dist.
Maj. Gen. of May 10th, 1864.

Capt. Merrill of the 1st Regt. has been
very successful in purchasing
supplies. He has succeeded in making good
bargains. His prices will compare favorably
with any since the commencement of the
war. In order to make the expedition as
economical as possible further supplies will be required.
There can not be too much cotton or
specie money. Truly there will be no
difficulty in procuring one or the other
in accordance with the directions of the Adjutant
Genl.

Capt. Barber is now ready to move in
the morning. Arrangements expected to be made
and to be ready to move tomorrow.

A detachment of cavalry will be a company
of cavalry from Johnson's County.

Capt. Merrill proposes to raise a
company in Medina County.

Squads of men are printing daily, and
others are waiting to do so when we make
a forced movement.

Arrangements have been made to
place a column of forage at Helena.

Adj. Genl. M. White will send an agent
with me to purchase and distribute.

Adj. Genl. Merrill will provide food and clothing.

He is proposing to a fully commercial in Gen. apt. Com.
The Commission per. Gen. apt. Com. and Gen. apt. Com.
is actively engaged in providing articles in
the Department.

I have written to Gen. apt. Com. proposing
an exchange of muskets for rifles. I believe
this will succeed.

I have reliable information, that large
quantities of traps are being purchased to be sent
to America and sold for furs. We shall have
no need to use our furs in trade for that market.

Gen. apt. Com. and Gen. apt. Com. and Gen. apt. Com.
I am to have my Department properly organized
and supplied.

The rules are being made; all orders will
be issued to carry out the instructions and
the regulations of the Gen. apt. Com.

I am to have the inability of Col. St. John's
to establish a temporary depot at St. John's Bay.
This will be taken to be the main difficulty.

I have the honor to receive
of communications just recd by express which I think
of importance as much as that of the Government up to
and have been waiting for this communication. I have found
several days here, following up and trying to find out
from my office and from persons on the other side the
Bureau who were supposed to be our friends, information
which you so informed that a few of them that
were from the Bureau were for the place to receive
the others were for the purpose of gathering the papers
and securing the letters. I communicated to Capt
Weyman all the facts then in my possession and as
it was very late I did not think of sufficient
importance to write you on the subject, but as we shall
from you the particular side of the life I have been
informed by two different parties that the from the
Life Bureau and expect that they are coming in
small parties on the American side to come to announce
the news before here and the magazines to pass them and
attend the State. I give you all the information I
can get without making for the trust of it. I must
admit that I am greatly with satisfied that they
intend to make the attempt but knowing the only
fight then and look them over. I wish I had about
50 men just now but will do the best I can
to do here. I find that a few so long and coming
that it would be impossible to hold the post for any
length of time is better I would be informed
could I be so much as moving all the time.

I am of the opinion that
a good portion of the cotton at this place is bona
fide the property of our American sailors that having
from Providence and on various voyages
have furnished the American merchants with funds
to send in cotton to be in the hands of the merchants
in consequence. It would be well to look
into this matter and have the American merchants
advised and on with our sailors who are the
real source of the cotton. In consequence of the
war prohibiting the exportation of cotton considerable
cotton has been sold on this side to go on
on the other side and as the port will be open in

Captain, I am instructed by the Major General Commanding to direct that the following named detailed men, now in your employ be ordered back to their respective commands immediately in compliance with General Orders No 23. Department of Head Quarters, a copy of which is enclosed:-

Private C. E. McHair Co. E. 1st Regt

W. C. P. Bureau, Sept. 20, 1865
Houston, Jan 2, 1866

Respectfully returned -

J. C. Baldwin has been assigned to duty with this Office as an Agent for the acquisition of Cotton. He was so assigned in view of the fact of possessing superior business qualifications. A number of Staff and Line Officers, including Field Officers, have been assigned to similar duties with this Bureau and I infer that it was not contemplated that their services should be dispensed with until the duties to which they were assigned are completed.

The teamsters & wagon masters H. A. Air Jenkins

& Smith fall within the provisions of Genl Orders 4th - and will be kept at the post - a copy of which is enclosed. I respectfully

ask that these men be allowed to remain as they are until their duties are completed -

Capt C. B. Wells A. G. M.

I Am well satisfied that a number of the planters of this County, who have sold one half their Cotton to the Govt will not be ready to deliver the Cotton by the 15th Inst. The gins or presses of some are out of repair & however anxious they may be to comply, it will be impossible for them to do so. And there are others who have sold & received their B. & R. waiting I think, for the Cotton Bureau to close, thinking they will be benefited by failing or neglecting to deliver the Cotton under their Contract with the Govt.

Capt Thompson was of the opinion that all Agents had been instructed, to make reports of those who could ^{under} deliver their Cotton after the Bureau closed, and that permits would be sent to the Agents to deliver to the planters thereafter, upon the delivery of the Cotton. But I have rec^d no such instructions.

Am urging vendors to deliver their Cotton as soon as possible before the 15th Inst but the planters seem not to be in much of a hurry.

Please instruct me what is to be done in cases where parties have entered into written Contracts for the sale of half their Cotton, rec^d at the B. & R. but decline delivering it. I fear I will have several cases of this kind.

Very Respectfully.

Dear Sir, Enclosed please find my account  
against the Govt for 300 Bales. I have not yet  
that yet and am certain I will get enough  
at least to make out that amount & I shall  
send I will get more, but if I wait till the  
whole thing is closed and I will not have time  
to get the papers to Mr. Miller in time  
they will make 1154 Bales in all & you have paid  
for 755 —

I have collected five bales 3188 pounds of cotton  
from a lot sold to the Govt. of Mr. J. Carter  
which just makes the amount.

If the Govt. will have any thing for me to do that  
I can do in this part of the State, I would  
much prefer it as being nearer home.  
You will do me a great favor if presenting me  
the favorable notice of those in authority.  
I am very truly and respectfully  
Yours

I am very sorry to hear of the loss of the ship, and  
that of course must be a great misfortune, but I am  
glad to hear that the cargo was saved and is now

Capt. C. C. Mills      Fairview Farm, N. C.

I enclose the  
receipt of the Cum gratia for  
C. C. Mills. The cotton was lost, and  
the logging rope furnished a necessary  
for repairs. It does not therefore stand  
on the footing of cotton, but in the  
second. It should surely be allowed 25¢  
up the charge for logging & rope supplied.  
A large number of these, from whom I  
have just heard cannot get their cotton  
ready in time to secure their "Remittance  
Report" - as the logging rope did not  
come to hand in time, & a large number  
will get no logging & rope at all -  
as I am afraid some loss of time. Some-  
thing should be done, as it is not their  
fault that they have not completed.

Sir,

I am informed that Mr. W. H. Johnson has  
sold & delivered to Mr. Johnson of Hillhouse the  
26 plates of Gen. Cassin's at the University was  
convenient. Please call on Mr. Johnson  
before the plates. If he wishes to give it up  
please call on the Post of the - or communicating  
of the Post if this is not - I have given this letter  
with the request from me that he will take it in  
possession - If Francis has sold & signed  
the plates please get such information as will enable  
me to trace it - and I will get it if it can be found.

The plates were in Miss Johnson's possession until last  
June having been purchased with York money - He  
then turned it over to Col. Harrison - and sent it  
delivered to me - I sent for it some weeks  
ago, but have just learned that it has been sold &  
delivered to Francis who has received it - Thus  
Mr. Stages is guilty of a serious misadventure,  
as well as of any party who holds the plates upon  
receiving this information. Your attention  
to this matter is earnestly requested.

Capt. C. G. Wells, Major

Dr. Sir

Enclosed find statement  
of Cotton & Receipt to Daniel M. Cusick  
Fifteen Bales of Cotton - You will please procure  
Permit for him & forward it & cert. a/c. to me  
at this place.

Col. Wilson will not allow the Cotton purchase of him  
for Govt. removed until he receives the money for it - He  
says he will then deliver the Cotton at Milligan for  
40 cts. per line lbs. This is about Govt. rates a little as  
the distance from his place to Milligan is from 28 to 30 miles  
after I purchased cotton of Messrs. Batts & Newsum for  
the Govt. G. W. Hardy bought their entire crop subject  
to the contracts made with the Govt. - That is the contracts  
with the Govt. were to be carried out - This man transferred  
their contracts to Hardy & he refuses to let the cotton be moved  
until the money is paid. The cotton has been received & Receipted  
for & I expect you have given him the Exemptions on it.  
Shall I ship the cotton under the circumstances or wait

would you pay him. I have been here to find the  
cotton but have to go off without it. There are several  
others who are to see the cotton be moved upon the same  
grounds. I have been to see them many times. I have  
if you have paid Hardy & gain out the exemption on  
the Ball's. I have cotton let me know & will ship it  
the first opportunity.

Your favour of 21<sup>st</sup> 30<sup>th</sup> 31<sup>st</sup> all with enclosures are rec<sup>d</sup>, contents noted - W.S. Hargreaves has done me 55 Bales cotton - his test etc is correct - he probably intended to me 50 Bales after seeing deliver to 65 of original contract - I have some more to receive from him. Please find enclosed statement and receipt for 50 Bales from John Lee. Please obtain some descriptions from Mr. Miller & return to me with next copy.

I also enclose the list of farm of St. John's for 7 Bales - which please change - extend the cotton to 12<sup>th</sup> and change time for 38<sup>th</sup> as Bales 4, 112 the note. There was some misunderstanding between us when I rec<sup>d</sup> the cotton - he was in our debt to put it up but requires the same and to cover seven more bales he has got in the way. I hope you will be pleased with it. Every thing has commenced again which interferes much with my cotton business.

Cotton Bureau, Houston -

Sir,

You will very much oblige me if you are power to procure it, by giving this office information of the probable quantity of Cotton in hands of the planters in each County of Texas on the 1<sup>st</sup> of January, 1865. Such information may be of great use in our future operations - of course I do not suppose that you have exact information - but as you have Agents in the different Sections of the State who have been engaged in canvassing for the purchase of Cotton, it has been suggested that you could readily procure from them reliable statements -

I have seen your letter to Capt. Blake - It was one to say that my inquiry of Mr. Soley as to shipments for account of Gov. by the Bureau, was based on misapprehension of the facts -

Very Respectfully

Dear Sir

Your favor of 23<sup>rd</sup>

in relation to Judge Thayer's papers was rec<sup>d</sup> to day.  
The papers were returned to you in my letter of 26<sup>th</sup>.

I enclose you my statement of every lot of cotton  
as rec<sup>d</sup> independent of my certificate - which in every  
case when it is not consistent with the statement, is held  
by the receiver. Early in the season I had no blank  
certificates, consequently used my statements in lieu of them.

In my letter of 26<sup>th</sup> I omitted to  
mention that Mr. Clark desired his receipt paper in  
two pieces - 12 & 3 holes each. He having sold de Meigs  
papers about three holes of his receipt cotton at home,  
with the receipt - quality misleading. If not too much trouble  
please have it arranged. I regret very much my omission  
to mention it when I furnished the certificate. Knowing  
you were fully occupied with legitimate business.

I am getting along very well in closing up the business  
in my district. Shall need some more bagging rope  
to furnish planters in cases necessary, according to agree-  
ment. When I will mail my estimate for as soon  
as it can get out how much I will require.

Very Resp<sup>ly</sup>

letter that I can give Mr. Parson an  
order for the letter, or amount. I enclose  
him such order by this mail. He is  
the gentleman at whose house I reside  
and to whom much of the amount  
is due. Give him a letter with  
much oblige Yours very respectfully

But it will not do. At any rate it

I am in receipt of y<sup>rs</sup> of the

of \$1000.00. I have a bill of exchange for \$1000.00  
from the same place & date of issue.  
I have also received by Mary J. Benson  
\$1000.00  
I have also received by  
\$1000.00  
I have also received by  
\$1000.00

As the detail of A. C. Benson for the same has been  
causing me in weighing Cotton was also needed  
and the Cotton I am now receiving is scattered over  
the County & mostly from the to being under off  
a large one, going right & day to keep up with my  
detail. I have also applied to keep  
Benson for my detail, thinking I am applying  
to him by the way of the Mayor of the City to be  
permitted by him to do the same by him to be  
allowed to do so. As a result of this matter that  
number the Mayor on the fact any interest in, that  
is very doubtful if it can be made but I am sure, then,  
the City says that it is not the application has to  
take before the detail must be given.

Capt. Benson declined ordering me to report  
to you for duty. Consequently I appear that I am  
subject to his orders.

I am, Sir, very respectfully,

Agony of the soul  
and the heart

Dear

One of the 1000 to have been written  
in the margin by you on the 3rd volume  
has not been received, and from the length  
of time that it has been written I fear  
it will not come to hand.

But you take great notice  
in the margin, and your promise to  
I hope to see the same for 2 days.  
I will surely say to you that  
the difference in appearance is  
and your notice in the margin  
I think I have you in  
Chapman's journal.

Yours

At 10 o'clock I have a letter

from Mr. Bingham, that the Bishop  
of the diocese of California will be at  
a point to it.

The other business I find  
as in the margin of the 1000.

Very Respectfully  
Your servant

Wm. H. Bingham

My dear Sir -

Handwritten text on a rectangular label, likely a bookplate or endpaper, featuring cursive script. The text is arranged in several lines, with some appearing to be a signature or name at the top, followed by what might be a date or location, and then a longer line of text. The bottom portion of the label contains more text, possibly a dedication or a note. The handwriting is elegant and characteristic of the 18th or 19th century.

Quartermaster Office  
San Antonio Dec 18 48

Captain

I enclose herewith certified copies of  
regulations except one Col. Sherman has  
a paper to pay the cost of the service for me  
in the office of the Quartermaster, the same  
shows the price in one place, and is wrong, I take  
the one at the bottom, if you desire it I will  
enclose the old one, take the number in your  
name and you can get one for myself -  
I propose to visit with Sherman at the end of the  
month, allowing the cost which will not be  
but he says that the difference to be paid in one place  
and more I suppose that I do not know what allow-  
ment to Sherman will be made, and of the  
matter to you in that case I give you such in-  
formation as you can paper by your duty, as Sherman  
is coming at the place for settlement

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data. This includes recording dates, amounts, and the nature of the transactions.

The second section focuses on the process of reconciling accounts. It outlines the steps for comparing the internal records with the bank statements to identify any discrepancies. This process is crucial for detecting errors or potential fraud and ensuring that the books are balanced.

The third part of the document addresses the issue of budgeting and financial planning. It suggests that a well-defined budget can help in managing resources effectively and achieving the organization's financial goals. It also mentions the importance of regularly reviewing the budget and making adjustments as needed.

The final section provides a summary of the key points discussed and offers some concluding remarks. It reiterates the importance of transparency and accountability in financial management and encourages the reader to apply the principles discussed throughout the document.

all the planters had time I would get about 400 Bales more but I am not so sure as I am now as they have but a few days to go on.

Bustamante

has sent me a large lot of BTR, but it is too late to do them much good. You should notify M. M. Perkins or whoever makes the settlement with Maya & Sarache that a great portion of the baggage furnished by them is or has been gunny sacks, is too narrow for loading but we had to use it. The Govt ought not to pay them as much for the gunny bags as for India bagging. The quality is specified in my receipts.

Please find receipt

for M. P. Perkins 8 Bales send exemption to me. Also 30 Bales for J. T. White send exemption to me. The Messrs Whites live in Grimes County & requested by letter to make out their papers & send down.

Handwritten text in a rectangular box, likely a title or header. The text is in a cursive script and appears to be in English, though it is difficult to decipher due to the image quality. It seems to include a name and possibly a date or location.

Main body of handwritten text within the rectangular box. The text is arranged in several lines and appears to be a list or a series of entries. The script is consistent with the header text, suggesting it is part of the same document. The content is too faint to transcribe accurately.

For example, the following table shows the results of a regression analysis of the relationship between the number of hours worked per week and the number of children in the household. The results show that the number of children in the household is a significant determinant of the number of hours worked per week, with a positive coefficient of 0.15. This means that for every additional child in the household, the number of hours worked per week increases by 0.15 units, holding all other factors constant.

from Capt at St. Pierre at Jefferson. The negroes there
had instructions to deliver this Cotton to me but
nothing was agreed to what Department it belongs -
I presume however it is Cotton from Cotton and
that ship it is your report as I know and if it should
be for the Treasury Department, you can trace it
over to the Liverpool. I thought first of telegraphing
you if you had any advice of its having been ship-

by someone and I thought it a useful information to

Expt. Charles
Hampden, Jan 9th 1865

Dear Mr. Hamilton

The price of exemption
in cotton - 50 - 100 per bale in cotton is having
a very bad effect on the closing operations of the
cotton market in the end of the year. Instead
of looking to the Bureau for exemption
parties are now arranging to purchase their
own exemption and are trying to get clear of
their contract already made - \$28⁰⁰ per bale is
set as equivalent to the tender for half the
cotton. I think Parsons Briggs operation with
Bureau will damage the Bureau several hundred
bales of cotton - unless an immediate election
take place in the form of a law to bring
them up to an equivalent for half the cotton
or an order (which Porter says is out) is
promulgated to prevent the application of these
permits in per-operations otherwise they will
the already dollar can reach to 20 with the
integrity of contract. It has in a great measure
= center of moral when it comes in but an
actual stimulation block when it (the dollar)
goes out - - Soliciting your attention to this
subject I am

Very Respectfully
